Chandelier Fan

Features of Our Chandelier Ceiling Fan:

Super Quiet BLDC Motor:

Crafted with incredibly efficient and silent DC motors, our fans are up to 70% more efficient than traditional models. The copper motor delivers exceptional wind movement silently, making it perfect for any space at home, from living rooms to bedrooms, dining rooms to offices.

Remote Control:

Our ceiling fans feature 6-speed settings and three colour light options, all adjustable via remote control. You can customize fan speed and chandelier lighting individually, with the added convenience of a forward and reverse mode for year-round use. Additionally, the crystal ceiling fan light allows for easy switching between downdraft mode in summer and updraft mode in winter. The fan also includes a timer function (1h / 2h / 4h) for added convenience, ensuring optimal airflow without compromising your health during sleep.

Retractable Fan Blades:

Equipped with 4 retractable acrylic ceiling fan blades, our LED ceiling lights offer a unique visual appeal. These blades automatically stretch out and retract when turning the fan on or off, resembling a normal bedroom light when not in use, saving valuable space in your room.

Dimmable Modern Ceiling Fan Lights:

Enjoy customizable lighting with our dimmable ceiling fan lights, offering three colour temperature options: white light (6000K), neutral light (4500K), and warm light (3000K). Using the remote control, you can effortlessly adjust the colour and brightness of the light to achieve your desired ambience.

Easy Installation:

Our flush mount ceiling fan with light is designed for easy installation, with all necessary accessories provided free of charge and accompanied by clear installation instructions. Even individuals without technical expertise can complete the installation process effortlessly. Our team is readily available to provide prompt and effective assistance if you encounter any difficulties during installation.
